

Nagarjuna - Sunyata - Two pronunciations

By Nagarjuna

I. Shunyata, The Hindi Difficult Poverty Poetry

I am poor, and poorer, and oppressed and more oppressed.

I am intellectual, and depressed, more depressed and even happy films in the future are boring.

II. Sunyata - The Japanese Wording

Only be Good, just be good, that is all.

I am good, and life is bad, but I will be good.

III. I meant be Sunya but also Shunya - that is Nirvana.

Dense, difficult, hard and harder, even delusional, and suffering - but free, higher and in Nirvana.

Study our lives - each day is a trial for this Nirvana.
